Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Sir:

In order to comply with 37 CFR 1.97 and 1.98, attached hereto is a copy of form PTO/SB/08. The patents cited in the attached form PTO/SB/08 are not supplied pursuant to a notice of waiver of the requirement under 37 CFR 1.98(a)(2)(i) by the U.S. Patent and Trademark Office dated June 30, 2003.

This submission is filed within three months of the filing date of this application. Moreover, no item of information contained in the Information Disclosure Statement was cited in any communication from a foreign patent office in a counterpart foreign application or was known to any individual designated under 37 CFR 1.56(c) more than three month prior to the

filings of the Information Disclosure Statement. Indeed, these documents first came to the attention of the undersigned and other members of the Rule 56 group within the past 30 days.

In accordance with MPEP Sections 609 and 707.05(b), it is requested that each document cited be given thorough consideration and that it be cited of record in the prosecution history of the present application by initialing form PTO/SB/08 next to the document. Such initialing is requested even if the Examiner does not consider a cited document to be sufficiently pertinent to use in a rejection, or otherwise does not consider it to be prior art for any reason, or even if the Examiner does not believe that the guidelines for citation have been fully complied with. This is requested so that each document becomes listed on the face of the patent issuing on the present application.

The present Information Disclosure Statement is being submitted in compliance with 37 CFR 1.56, but the citation of such document is not to be construed as an admission that such document is necessarily relevant or prior art. No representation is intended that the cited documents represent the results of a complete search, and it is anticipated that the Examiner, in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR 1.104(a) and in the course of each search, will review for relevance every document cited on the attached form even if not initialed.

It is believed that no fee is due. However, if the Commissioner determines that a fee is due, the Commissioner is hereby authorized to charge Deposit Account No. 04-0100 for any deficiency.

Early and favorable consideration is earnestly solicited.

Respectfully submitted,

Dated: November 26, 2003
